DOUBLE DOVE-TAIL MONARCH MEAT BLOCK

Yes, old-fashioned
craftsmanship still lives!

Own the same block used by
professionals – no plastics,
no veneers – just solid maple.

WoodWelded®
Meat Blocks are constructed
of interlocked sections of
seasoned hard maple.

The WoodWelded®
DOUBLE DOVE-TAIL process
(see inset above) has been
used for the past 80 years
and is as beautiful and strong
today as when your
Great-great-grandfather
was doing the cutting.

New or Antique? Maybe only
the secret embossed date on
the bottom of the block will
offer evidence.
